POERNER AVAILABLE, BUT...

Recent mention of Rep. John Poerner's name as interim Speaker of the House naturally brought on local and state speculation on whether or not he would accept.

I asked him this question Tuesday and his reply was:

"Yes, I would accept, but it would be on certain condition, which I have already stated. The present speaker would have to be completely removed from the Capitol, be resigned from the position. And then I would want a majority vote of all the House of Representatives."

The Hondo resident went on to explain that any man who took the job without these stipulations would be in for a rough time. He would practically have to be someone who plans not to run again for the House, is the way Poerner feels.

"And that is not the case with me," he added, "since I have already announced for re-election."

THAT'S PRETTY LOW DOWN

Mrs. Thomas E. Koch called in Monday quite upset and needless to say puzzled.

Recently she purchased a Magnolia tree to plant near the grave of her late husband. The tree was growing nicely under Mr. Koch's almost daily tender care.

But not as of last Thursday. She went to the Catholic Cemetery as usual, but sat in her car shocked.

The Magnolia tree was missing. Some scoundrel had dug the tree up and carted it off.

"I can't imagine what kind of person would do something like this," she said. "I do baby-sitting and my money comes hard. And to spend it for this cause and have someone steal the tree leaves a deep hurt."

Mrs. Koch's frustration and concern are well taken. Who would stoop this low? What kind of so-called human being would commit grave stealing? There is one crude description but I feel it fits in this instance: "He's so low he could crawl on his belly like a snake."

And then I wonder if any self-respecting snake would even be caught crawling with a person like this?

Rep. Poerner tells his side of story

Rep. John Poerner of Hondo this week made the following statement concerning the Crystal City School situation.

I want to correct a quote made by Mr. Gonzalez, Superintendent of Schools at Crystal City, on Channel 5, September 23rd, 1971. First let me give you the background of the situation that led to Mr. Gonzalez's statement. I toured the Crystal City School with a representative from the Texas Education Agency on the morning of September 23rd.

I had been notified by citizens in that school district of many irregularities that needed to be corrected in order that all students regardless of national origin could be properly educated.

I had been told that 85 teachers were fired or had resigned from the school; Gonzalez told us that he is short 81 teachers. In addition, more than 100 families have left the community which accounted for more than 250 students transferring to surrounding schools.

I was also told the "Daily Worker" was read in class along with hate literature and "anti-gringo" statements, Gonzalez, in the presence of Mr. Leon Graham of the Texas Education Agency, told me no such literature was being read in class and he personally had never seen a copy of the "Daily Worker".

Graham also asked Gonzalez about transfers into the Crystal City Schools; Gonzalez denied the existence of any. By coincidence, the school was host to the O. E. O.

Conference when I made my visit which may account for the excellent conditions, behavior of students and proper curriculum. Each classroom had a U.S. Flag prominently displayed above each blackboard. The classes were taught in English and most teachers appeared to have on their "Sunday Best".

At the conclusion of the tour, I told Gonzalez: "If you run your school each day in the same manner as I have just observed, then I would not object to my children attending this school."

I give Gonzalez that challenge - "Run the Crystal City School as you showed it and there will be fewer problems in Crystal City." I certainly intend to make future periodic unannounced visits to the Crystal City School.

County receives \$48,200 grant

Medina County has received an additional \$48,200 under the Emergency Unemployment Act, according to an announcement by County Judge Jerome Decker.

"This is in addition to the approximately \$55,000 we received a couple of weeks ago," the Judge pointed out in making the announcement.

"On this new grant we have gone to the schools so they might employ some people," Judge Decker said. "We broke it down according to the total average daily attendance, and the allocation."

ROT- Recycle Our Trash project begins Saturday

One group of Hondo youngsters, the Hondo Junior Garden Club, say "they care what happens to Hondo" and Saturday they will begin their ROT-Recycle Our Trash program to prove it.

These youngsters, with leaders Mrs. Velda Cole, Mrs. Jim Prenzler, Mrs. Harold Johnson and Mrs. Dale Long, will establish a collection station on 18th Street across from Bingo Auto Parts. Citizens may bring clear glass bottles, aluminum or tin cans and newspapers, magazines and corrugated paper.

"Bottles should be rinsed and lids removed," Mrs. Cole said. "Tuna cans and large fruit cans should not be included."

The collection station will be manned between 9

a. m. and 6 p. m. on Saturdays until further notice.

"Many civic organizations are cooperating on this worthwhile project undertaken by the Junior Garden Club members," Mrs. Prenzler pointed out.

These organizations, as released by Club Reporter Nancy Martin, include: the Hondo Young Homemakers, all local churches, all public schools, all Hondo 4-H Clubs, Boy Scout Troops 219 and 192, the SCS office, Homemaking classes in the high school, city bakers, and the City of Hondo.

Volunteers are needed from these groups to help sort the material as it is brought to the collection station by interested and concerned citizens. Also transportation will be needed to

It's the big one!

Owls, Warhorses butt heads Friday

How do you stop a football team that has rushed for almost 1,000 yards in three games?

That's the question burning the thoughts of the Hondo

coaching staff and football players as they prepare for their annual battle with the Devine Warhorses Friday night in Devine.

The Warhorses boast a 3-0

record, having romped over Freer 22-0, Pleasanton 28-6 and Jourdan 59-0. Against the latter two they rushed for 300 and 378 yards respectively. And as can be seen by

the above scores the Warhorses have crossed paydirt for 109 points while holding three opponents to a mere six points.

"Devine has a good football team," Hondo Head Coach Nelson Bippert said Tuesday. "They have a well-balanced team. And their quarterback Paul Jette is a tremendous quarterback who runs their Wishbone formation almost to perfection."

Coach Bippert also singled out Fullback Rick McCain as a good runner; and halfback Randal Kendrick as being exceptionally good and the Jourdan game showed that utilityman Mark Littleton takes no back seat to anyone in the offensive department. He scored five touchdowns and one two-point conversion in that tilt. In fact Littleton's performance placed him at the top of the conference scoring list with 38 points. Two teammates hold down number two and three, R. Kendrick has 24 and Jette 19.

Defensively, the Warhorses depend on Ellie Hernandez as anchor man. The big, agile defensive tackle proves to be a constant thorn in the side of the opponents.

"McCain plays linebacker on defense and turns in a good job," Bippert said. "And that Littleton proves he can go both ways by playing a fine defensive end position."

Bippert said the game should be a typical Devine-Hondo battle, "either team can win."

The Owls approach the game in a much better frame of mind since they edged out Samuel Clemens 14-8 last week. That is, if they need anything other than facing Devine to put them on their toes and keeping them there.

For sure, the two teams will clash before an overflow crowd of supporters. Hondo's allotment of reserved tickets were sold by 9 a. m. Monday morning and Supt. Kenneth Flory and Principal Bob Nations had to journey to the neighboring city to pick up some extra general admission tickets. They were gone in a short time.

This battle has been called the fight for the District 28-AA title, and it could just well be. But whether it is that or not, it will still be the same "must" game for both Hondo and Devine.

Sen. John Tower gives green light to banquet

Acceptance by U. S. Senator John G. Tower to the principal speaker at the Hondo Chamber of Commerce Banquet in December has climaxed months of effort on the part of the Chamber directors and Bruce T. Foster, local rancher.

Efforts began early this year when Foster, who serves as Chairman of the Medina County Republican Party, made an initial contact with the office of the State's senior senator.

Assurance that the annual banquet, which will be held in the new cafeteria at the McDowell School, would have an outstanding speaker came last week in the form of a letter to Foster from Senator Tower.

It read: "Dear Mr. Foster: I certainly appreciate your understanding the necessity of my delay in accepting your invitation due to the uncertainty of the legislative schedule."

"I will be delighted to join you and the members of the Hondo Chamber of Commerce on December 6, Senate business and other duties permitting. Enclosed are biographical material which may be helpful to you, as well as a date information sheet which we would appreciate your returning to my office when arrangements are firm."

"I am looking forward to seeing you in December."

Supt. Ken Flory explains tickets

Hondo Superintendent Kenneth Flory has issued the following announcement to Hondo Owl football supporters in connection with the selling of Hondo-Devine tickets.

Please accept my apology if you did not receive a reserved ticket to the Hondo-Devine football game. The following facts are submitted for your accurate information:

All tickets were sold between 8:00 a. m. and 8:30 a. m.

None of the office help purchased more than six tickets.

No one except Hondo supporters were detected in the line.

One person was sold 28 tickets, this being the greatest number purchased by any one person.

No one else requested more than 18 tickets; a number of people purchased ten to 12 tickets.

No one who waited over five minutes left without the tickets they requested; four people remained in line when tickets were sold out.

Sincerely yours,
John G. Tower

John Goodwin Tower this year is marking a decade of service in the United States Senate.

The former educator came to the Senate on June 15, 1961 as the result of a special election, and in 1966 was re-elected by Texans with 56.7 percent of the popular vote. When first elected, he was the Senate's youngest member, the first Republican elected to the Senate from Texas since 1870 and the first since Reconstruction from any Confederate state. Now, as senior senator for Texas, he ranks 50th in seniority among his colleagues--yet, at 45, only 17 senators are younger than he. Among the Senate's 45 Republicans, he ranks 19th.

He is ranking Republican on the Senate Banking, Housing and Urban Affairs Committee, and 3rd-ranking Republican on the Senate Armed Services Committee.

"The Hondo Chamber of Commerce is honored to have Senator Tower as our speaker," President Rene Aelvoet said. "And we feel the people of Hondo and the area will honor him by 'filling the house' on December 6."

Also to be presented at the annual banquet will be the town's Outstanding Citizen, the Outstanding Farmer and Rancher and the new Board members and officers for the Chamber.

Letters to the editor

Dear Sirs:

The Commander of the Army ROTC Brigade is pleased to announce that Alvin M. Saathoff, son of Mr. and Mrs. Mathis H. Saathoff, has been promoted to the rank of cadet Second Lieutenant for the Fall semester of 1971. Cadet Saathoff has been assigned to Brigade Provisional Company, Gregory D. Teague Cadet Colonel Commanding.

Dear Mr. Poerner:

As you may know, the LBJ Library is proving to be a great historical attraction to visitors from all over the state -- and the nation.

If you would like to have a special tour arranged for, or special attention given to, any group in your district, I hope you will let me know. We will be delighted to make appropriate arrangements.

Regards,
Harry Middleton
Director

Poerner adds:

"I have been on the tour, conducted by the Johnson family, and words cannot express the feeling one re-

ceives when you visit the replica of the Presidential Office of the White House. It is 7/8 the size of the office now used by President Nixon and all the furniture contained in the "White House Office" of the Austin Library is the same furniture used by President Johnson during his terms of office in Washington."

Sincerely,
John H. Poerner

Dear Burris:

Fritz would like to have a copy of the Hondo Anvil Herald covering the meeting and I told him that I thought you would be happy to mail one to him. I have enclosed his card with his address.

Sincerely,
John H. Poerner

Dear: Mr. Mendoza

Medina County, as a member of the Alamo Area Council of Governments of

which I am a member of the Executive Committee, has asked that I appoint a citizens committee to serve as a resource and direct citizens link with the Alamo Area Council of Governments' Executive Committee. I am appointing individuals who I feel will give a broad-based representation of our County to this organization. I would very much appreciate your acceptance and participation in this committee.

It is anticipated that the committee will meet perhaps once a month at a convenient time to each committee member. The total committee will be composed of citizens within Medina County. You will be notified of the time and date of future meetings.

If for any reason you are not able to serve on this committee, I would appreciate your notifying me. I look forward to working with you. Sincerely yours,

The C. B. Gastons returned Sunday from a visit to relatives. Included on their itinerary were a stop at Granbury where they attended that city's centennial celebration. They spent some time in Cleburne and also visited Mrs. Gaston's three brothers and their families, the Howard, J. D. and Charles H. Sargents and an uncle, Homer Sargent. En route home they visited their friends and fishing partners, Mr. and Mrs. Charles Haynes in Round Mountain and made plans for a future trip to the Gulf coast.

'Museum Memos'

Weekend attendance at the Medina County Museum indicates that we are "being advertised by our loving friends."

Several visitors last week told us that they had come at the suggestion of friends who recommended the still-new Museum as one "of growing interest."

Among those who registered Sunday were Mr. and Mrs. Arthur C. (Kay) Hindle of Corpus Christi. Mrs. Hindle, who had been a docent for two years, has been the Museum's librarian for the past five.

An anonymous donor had left \$250,000 to the coast city's museum for a new building. Work was in progress and walls up when Fern interrupted by destroying part of the walls and delaying construction. Mrs. Hindle said that the roof of the present building collapsed from accumulated water and caused some damage to displays.

"Of course we are eager to move into our new home," she said, "but this will take a while." She said that Medina County should have much to collect, preserve and display. "Above all," she counseled, "don't lose heart. That leads to discouragement and this has no place in any museum effort. Stay with it!"

Mrs. Peli Watson and her daughter Bonnie of Boerne arrived via motorcycle, emergency transportation when the family car was out of travel order. Mrs. Watson teaches math and science in the Boerne schools.

Bonnie had a school assignment to fill on the subject of Medina County and its history. She showed keen interest in the displays, asked questions and took notes. Monday a packet of additional information from the Chamber of Commerce and the Anvil Herald was mailed to her.

"Back home" for a visit was Miss Georgia Floyd, granddaughter of the late George and Nell Wilson Gilliam. Now of Austin, Miss Floyd was accompanied by a friend of the same city, Robert Parmelee. They promised a return visit.

The military was represented by Sgt. James Foyle of Lackland AFB and his family. Mrs. Foyle is from England and she found our Texas collections appealing. She has promised an old iron to add when they and their four children visit us again. Michael (9), Melissa (7), Andrew (5) and Richard (3) found lots to see.

Homefolks included Mrs. Ed (Marcy Hermes) Zerr, daughter of Hubert and Berniece, and her sister-in-law,

Mrs. Larry (Dorothy Cox) Hermes and their 4-year old son, Scott. The Dallas Cowboys hold Scott's present interest. All he wants to do is "join 'em and play quarter-back, the guy that always says HUT!"

Another Hondoan who brought family along was Mrs. Elyne Koch. With her were her grandchildren, Greg (8), son of Jerry and Mary (Payne) Koch of San Antonio; and Robert (7) and Ross (6 weeks), sons of the Robert and Doris (Koch) Hoseas, also of SA. They had been to D'Hanis to visit great-grandparents Ed and May Koch, but they were not at home.

There were more visitors and these will be introduced in future Museum Notes.

call it ROT--Recycle Our Trash.

They are seeking (and deserve to receive) help from all concerned citizens in collecting some forms of trash for recycling. These will include: clear glass bottles, jars, cans and paper.

There are some limits on what they can take such as: Glass--jars must have lids removed and all must be rinsed out. You do not have to remove labels, etc.; Cans--no flat cans (like salmon or tuna) and no real tall cans, but everything in between; cardboard boxes should be flat.

This group will need transportation to haul this trash to San Antonio where it will be sold or given away for recycling. Anyone who has a truck, pickup or van might work up an interest to help. If so they can call Mrs. George Cole, Mrs. Jim Prenzler, Mrs. Harold Johnson or Mrs. Dale Long. They will be happy to schedule you a trip.

And please don't be like one man when asked to provide transportation. His question: "What are you and the kids going to get out of this?"

I would say that Hondo will benefit, including all the selfish ones as well as the unselfish ones.

A FINE TIME

The Lawrence family enjoyed a short "semi-vacation" this past weekend when we attended the annual Texas Press Association Advertising Clinic in Waco. In addition to enjoying a worthwhile clinic, greeting some old friends and meeting new ones, we even saw the Baylor Bears win a football game as they blanked Indiana 10-0.

However, the most interesting and fascinating part of the trip came in Austin Sunday as we stopped off and toured the LBJ Library. That is some library! One visit will never do. There are so many things to see that one cannot digest them in one visit. But if you have only a short time to spend, go anyway. You'll never regret it.

Ask Harry Filleman. We ran into him as we were leaving and he was just beginning his tour.

4-H Parade scheduled for 2p.m. Saturday

4-H Club members of Medina County will stage a parade in Hondo Saturday, October 2, beginning at 2 p.m. All units will assemble at the Courthouse and the parade route will be south on Avenue M to 18th, east on 18th to Ave. K, north on Avenue K to Courthouse.

The parade will depict 4-H projects and all county members can participate. It will create interest in 4-H and 4-H Club Week October 3-10.

of tickets from Devine, this being 458 reserved tickets.

Devine has about 200 more seats on their side than on the visitor's side. If we are to receive one-half for our supporters, we should have received 100 more, however, I did receive 25 more tickets which were sold to people who sell tickets for us at no pay, to all of our home football games. Of the remaining 75 enough of our supporters were observed in Devine securing tickets there to more than account for this difference.

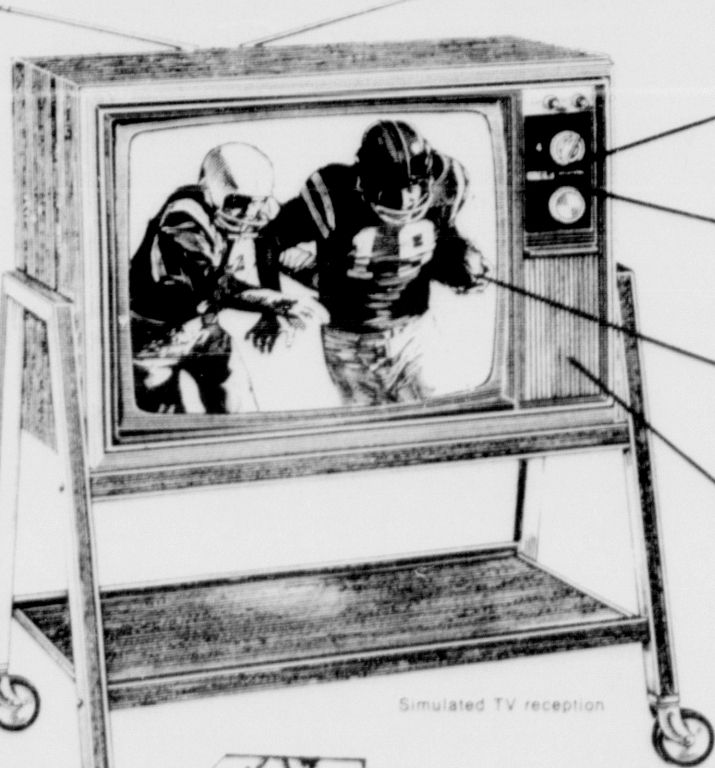

General admission and student tickets are still available in the Superintendent's office. They are for standing room only.

The above may sound like I am perturbed at our supporters; on the contrary I am very pleased that we have a high desire for tickets both at home and away. We have the finest football and school supporters in the state. The heavy demand for tickets is a high compliment to our community. I personally hope that every game we play in creates a ticket shortage.

Homemakers learn about furnishings

By Barbara Fowler
Medina County Home
Demonstration Agent

The 18 homemakers enrolled in the home furnishings home study series will be doing homework along with the youngsters for the next few weeks. The women, all busy wives, mothers, homemakers and professionals, are engaged in a six-lesson self-study series to learn more about how to select and use interior furnishings. And like the kids, they have homework too!

The first, and one of the most important lessons in the home study series, centers around home furnishings planning. It's a fact that a well-appointed home never happens by chance. It is always planned by someone with a great deal of know-how, whether by the homemaker herself or a professional designer.

"In furnishing a single room or a whole house, the rules of the game that assure success are basically the same," according to Mrs. Barbara Fowler, County Home Demonstration Agent.

Analyzing needs of family members is the starting place for a sound plan. Since most rooms must be used for several activities, make a list of how the room will be used. This will help determine what furniture is needed and the general mood of the decor.

PLAN ON PAPER by using a scaled drawing of the room or area to be redone. Scaled drawings can be used to determine the best arrangement of furniture in relation to convenience, appearance and use.

MAKING AN INVENTORY of furnishings items on hand as well as a list of what is needed is essential. Should

the list of what is needed be a long one, a plan for spreading purchases over a 3 to 5-year period may be in order.

FURNITURE BUDGETS vary in size from family to family and must be determined on an individual basis. Amount of income, size of house, size of family, stage in family cycle, plus values and goals, influence the furnishings budget. A logical approach to acquiring furnishings is to invest the greatest sum in those items that receive the most severe wear and are of a more lasting nature, such as sofas, chest of drawers, an outstanding painting, a good sleep set.

DECIDE ON A STYLE that is in keeping with the family's way of living. Matched pieces in any style tend to be monotonous. The current trend is to let one style predominate and inject other styles for interest and variety.

FUNCTIONAL REQUIREMENTS demand that furnishings serve their intended use, whether comfort, convenience, aesthetic or a combination of these.

QUALITY in furnishings depends not only on the quality of the ingredients, but the combination and application of these within the completed item. Generally, a wide range of quality exists in every furnishings item — all the way from custom-order handcrafting, through complete mechanization for mass production. Consumers must learn to read labels, ask questions and to examine each furnishings item carefully. Before making a purchase, shop around and compare prices as well as quality. Good design in furnishings is available in every price range.

"The Junior Hi program emphasizes the enjoyment of life and the development of each girl as a self-confident human being, capable of planning and making decisions for herself," said Mrs. Foster.

Texas' only Indian reservation has authentic teepees... but strictly for show. In addition to tribal dances and handicrafts, they're part of the Alabama-Coushatta Indians bid for tourism dollars. Former Hondo man named to high national position

A former native of Hondo, Ed Harilee, has been elected president of the International Downtown Executives Association, at a recent annual conference of that organization in New York City.

Harilee, son of the late Judge Amos Harilee and Billie Harilee, attended Southwest Texas Junior College and graduated from Hondo High School. He and his wife and two daughters now reside in San Antonio, where Harilee is executive vice-president of Downtown, Inc., a local businessman-merchants organization for the development of Downtown San Antonio. Harilee has served in this post since May of 1966.

On the international executives level, Harilee has served as president-elect for one year and on the Board of Directors for three. He was the Conference Chairman in 1969 and 1970 at the Washington and San Antonio conferences, and has served as chairman of the by-laws revision committee and the re-

gional membership committee.

During the three-day meeting Harilee chaired a "nuts and bolts" session on Governmental Relations, and included in an audio-visual presentation on "Great" Projects in Fifteen Cities, a slide report which included the story of the unique construction method of the Palacio del Rio Hotel, the HemisFair Plaza and the Tower of the Americas, the development of Paseo del Rio and the conversion of the La Mansion Motor Hotel projects in San Antonio's downtown area.

In addition to the International association, Harilee is also affiliated with the American and Texas Societies of Association Executives; is currently chairman of the San Antonio River Walk Commission appointed by the Mayor; and was appointed by the Governor to serve on the Texas Urban Redevelopment Commission and Committee on Transportation for the State of Texas. Har-

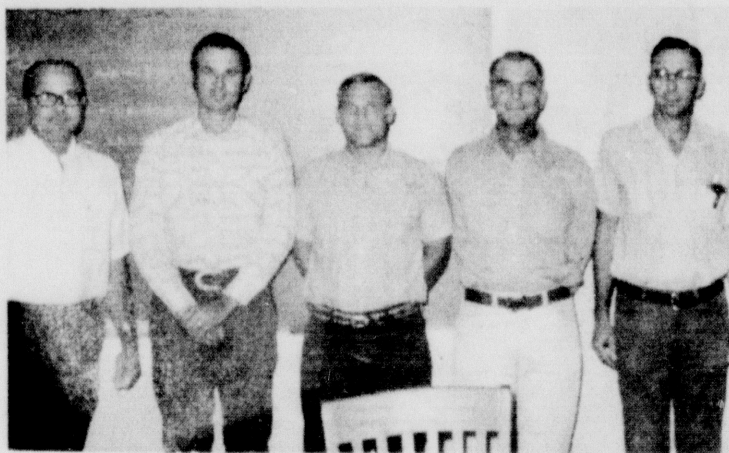

lee was cited by former Gov. John B. Connally for the state's outstanding hospitality program to Mexico visitors. He and his family are members of the St. Mark's Methodist Church, where Harilee serves on the Board of Directors and the Finance Commission.

Roy Harrison takes journey to "pass on to his students"

By Edna McDade

Roy A. Harrison's official title is that of "Cooperate Counselor" for the D'Hanis and Natalia Independent School Districts.

In that capacity, he has served Texas schools for the past 12 years. During this time he was associated with the Medina Valley and Yancey schools and, for the past five years, has been on the staff as co-op counselor for the Natalia and D'Hanis schools.

Harrison's career as an educator began in Alabama and covers a period of almost 35 years. His experience included representation as the entire faculty of a one-room, one-teacher school; being principal of elementary, junior and senior high schools; and teaching geography and economics in what is now Florence State University.

Harrison's duties as counselor include not only helping "teach young ideas how to shoot" but helping their

aim to insure "straight shooting".

A school year's program lists supervision of achievement, aptitude, psychological and IQ tests. Harrison also works with seniors trying for the National Merit Scholarship Qualification and American College, as well as the College Entrance Board tests.

Harrison explained that, with the many opportunities and scholarships open to them today, "Every student can enter college if he has the qualifications and determination to do so. I take pride in the many Medina County boys and girls who have recognized the need of advanced education to prepare them for adulthood. Their principals and teachers cooperate in directing them to this goal."

As an "extracurricular exercise" during the past summer vacation, Harrison made a 14,000 mile trip by way of what he calls "a refresher

course" which he plans to share with the students he counsels.

"Travel is recognized as a broadening experience that adds perspective to one's work," he said, "and I hope to draw on my trip impressions with this thought in view."

The school counselor was one of some 8 or 10 Texans in a group of several hundred travelers who toured the Northwestern U.S., Alaska and Canada. Transportation was via plane, bus, train, ocean and lake steamers, stern wheelers and ski lifts, plus "shank's mare".

At the Cripple Creek mining operation, Colorado, and later in Nome, Alaska, Harrison panned for gold and brought home some mini-nuggets as proof of his latent Gold Rush fever.

Eye muscles had a good workout as they scanned the heights of Mt. McKinley, probed the depths of Polychrome and Canyon Passes (without benefit of guard rails) and adjusted to the scenery along the Mt. Alyeska ski lift, airborne from 220 to 2500 feet, to include views of the Kenai Peninsula, Tumagain Arm saltwater channel and eight glaciers.

Glaciers and icebergs were a new experience and Harrison says "They played tricks on one's eyes and really inspired awe".

When Harrison crossed the Arctic Circle, he recalled that it was first explored in the 9th-12th centuries, A.D., by the Norse who are also credited with having discovered NE America among other areas.

The Hondo traveler said he particularly enjoyed seeing "the amazing abundance of wildlife in McKinley Na-

tional Park (established by Congress in 1917) where some of the animals came camera-close. He mentioned foxes, moose, grizzlies, Dall sheep, caribou, Arctic ground squirrels, marmots, beavers and others -- not all within camera range. Bird life included the handsome ptarmigans, golden eagles and curlews. Eskimo dances added to the entertainment en route and food to the adventure. Meals included moose meat (much like Texas beef) and cabbage which had been grown in Seattle, Wash., and shipped about 2000 miles to the table.

A souvenir menu from the Captain's Farewell Dinner in-

cluded Beluga black caviar, smoked salmon-foie gras, Rhodos lobster, oriental Greek wine and other foods which Harrison said "were novel but made a return to good old Texas hamburgers and barbecue a real treat". He quoted some food prices in Alaskan restaurants: Milk, 50 to 65 cents a glass; steak \$7, coffee 25 cents a cup and 10 cents for a refill.

Harrison summarizes the trip in these words: "It was a wonderful vacation, long to be remembered, but there's truly no place like home and it is good to be back on my job which is now off to a fine start in this new school year."

Church of Christ adds new minister

The Hondo Church of Christ, for the purpose of extending its ministry, has added another minister to its teaching staff.

Horace Neely will direct youth activities and preach in the Sunday evening services beginning Oct. 3.

Neely is a native of DeRidder, La., and attended McNeese State College and Abilene Christian College. He received his B.A. degree from Abilene Christian College in Dec. 1970 with a major in Bible and a minor in psychology. He has had ex-

perience in juvenile work at the Abilene State School, the Abilene Boy's Club and in urban poverty areas.

He conducted a teaching ministry in the Taylor County Jail and the Travis County Jail. He served the T&P Lone Church of Christ in Abilene as education director. Neely's wife is a teacher in Hondo High School.

Dr. Floyd Hill will continue to preach on Sunday mornings in Spanish at 9:30 and in English at 10:30 and Neely will preach at 6:30 Sunday evenings.

Dittmar elected YF president

The Hondo Chapter of the Young Farmers of America elected Glen Dittmar as their new president for the next year. The election was held Tuesday, Sept. 21, at the regular meeting of the group.

George Gooding was elected vice-president with Larry Oefinger as secretary; Rothie Martin, treasurer; and Darwin Schrader, reporter.

The Hondo Young Farmers meet the third Tuesday of each month in the vocational agriculture building at Hondo High School.

Highway Patrolman Fenter presented an informative program on the new trailer brake law and other new laws which recently became effective in Texas.

Saathoff wins MEC top prize

Approximately 500 persons were in attendance as Medina Electric Cooperative, Inc. held its annual membership meeting Saturday the 25th in Pearsall.

In addition to the many door prizes that were awarded, three members of the Board of Directors were re-elected. They are: Jack Tilley of Devine, Leslie Laffere of Uvalde and Ernest Armstrong of Hebbronville.

After a fine noon meal, the audience was treated to a most exciting and inspirational address by Reagan Brown, Extension Sociologist for the

Texas Agricultural Extension Service.

Elmer Saathoff of Hondo was the grand prize winner and took home with him a beautiful Spanish-style color television set.

Immediately following the membership meeting, the Board of Directors met to select officers for the coming year.

Re-elected to serve as president was Jack Tilley of Devine; Leslie Laffere will serve as vice-president; and Charles Koch of D'Hanis was re-elected secretary-treasurer.

Bobby Mumme awarded State Farmer degree

Bobby Mumme, son of Mr. and Mrs. Stanley Mumme, was recently awarded the State Farmer Degree at the State FFA Convention in Houston. This was the climax of four years of work for Bobby in vocational agriculture and in the Hondo FFA.

In his first year in vocational agriculture he was district winner of the Star Green-hand Farmer award based on his productive project program. He entered the public speaking contest and placed first in district contest. He later was a member of the poultry judging team.

Bobby served as district FFA officer for one year and served as Area VII FFA officer this past school year. He attended four state FFA conventions and one National FFA convention during his four years of high school. Bobby won the Uvalde Production Credit trophy during his third year in high school by submitting his program taken from his project record book.

He applied for the Sears Foundation Award in Co-op, part-time training and for the Star Chapter Farmer Award through the FFA Foundation award program and placed second and third.

Last fall Bobby, his brother Jimmy Mumme and his

parents attended the National FFA Convention in October at Kansas City, Mo. Bobby hopes to return to Kansas City in the fall of 1972 to accept his American Farmer Degree.

Bobby had a variety of productive projects his four years in vocational agriculture. He had range cows for calf production, milo crops, breeding hogs, feeder pigs and show lambs. At present Bobby plans to continue his record keeping for the present school year so that he might apply for the American Farmer Degree next summer.

Bobby is a student at Texas Tech at present where he is majoring in agriculture economics.

Hondo sign featured in The Texas Star Sunday

How rough does professional football get? Charley Johnson, Houston Oilers quarterback now in his 11th year as a pro, played last season with a broken collarbone, infected elbow and damaged knee. He missed

four games and didn't finish the schedule. Thus, Johnson is qualified to answer this and other gridiron questions and does -- in an exclusive interview with John Hollis in The Texas Star Sunday, Oct. 3, Johnson

gives candid answers to touchy questions on subjects ranging from hair to race relations in pro ball. There are teepees on the reservation, but no Indians live in them; they're just for show. Another Star feature

is Wick Fowler's account of the Alabama-Coushattas who, after long years of deprivation, have found a way to achieve economic independence. Mrs. Jane Y. McCallum wasn't the women's lib type, but as a member of the "Petticoat Lobby" she fought hard and successfully for women's rights in her day, as related by Lorraine Barnes in one of a series of articles about the great ladies of Texas. There was a lot of squab-

bling about a highway sign at Hondo, but the sign finally won, resulting in worldwide publicity for the Texas town. Bumis K. Lawrence tells how the unusual message calls attention to safety. If you were left at home with only one food, what would you choose? Mary Faulk Kooch takes a poll and reveals the result -- then presents recipes to show how variety can be brought about in the preparation of a favorite dish.

Story lists wrong names

Last week's story on the City Council meeting, taken from minutes of that meeting, was in error on one point. It stated that the city will proceed with condemnation suit for land through the Trevino Estate. This should have read: "the Gonzales Estate". The Anvil Herald was told by a member of the Trevino family that they turned over the portion of their needed land without any condemnation suit.

Hondo Anvil Herald, Thurs. Sept. 30, 1971, Pg 9

This week

That's all she wrote

by Edna McDade

Some Hondo alleys are lucky enough not to know that they are alleys--in the style to which they (too often) become accustomed.

One such serves as the line of demarcation along the back fence at the home of MARVIN and LOUELLA (Wiemers) SCHWEERS. The fence is completely festooned with gay green garlands of leaves and hot-pink flowers that add the royal touch of Queen's Crown.

Would that the decor might last until the visitors from 89 District Garden Clubs arrived in November, when Hondo Garden Club members will be their hostesses! Could you please manage this, Mr. Jack Frost?

Among some real-treasure books recently placed on loan to our Medina County Museum (and which I was fortunate enough to be assigned to help classify), I found an ANVIL HERALD, circa Aug. 1943. Although not old enough to merit an "antique" tag, the paper contained bits of interesting information.

It was during that year that our former postmaster, HARRY E. FILLEMAN, became Corporal Filleman when he served in the Army Postal Service in North Africa. Five months after his arrival in that far away place, Harry had a happy reunion with HERBERT GERDES, a fellow Medina Countian, and the Herald published a letter from Harry to the Gerdes family telling them all about it.

"RATION REMINDERS" was the head of a column devoted to just that. Remember the old A-6-7 coupons required for the purchase of gasoline; sugar stamps Nos. 14-15-16; assorted red and brown stamps for meats and fats; and blue stamps for processed foods?

Even at today's HCL, would any one want to return to those days?

Mrs. EDWARD (Beatrice) TAPIA keeps the home fires burning for her husband and their four sons and still serves at least some of the daily needs at BROWN'S NURSING CENTER.

When I met her, she was accompanied by JOHNNY who will be two on Nov. 25th, Veteran's Day this year, and near enough to Thanksgiving to warrant turkey along with a birthday cake by way of celebration. The other three brothers are in school "And are we glad!" says their mother.

Mrs. OLLIE CLARK, whose husband Sgt. Clark helps keep our highways safe for driving, teaches algebra in our local schools. She is also the niece of one of my dear friends and former co-workers of our school-teaching years, Miss MAY ROBINSON of SA.

Mrs. Clark reported a recent coincidence of community interest: Her mother, Mrs. J. L. ROBINSON and Mrs. FRANK (Elva) DeLON's mother, Mrs. ELSIE H. YUNDT, both of Hondo and both of about the same age, required eye surgery recently. (Mrs. Robinson is also the great-great-grandmother of WADE, son of the DENNIS WINWRIGHTS, 2002 Ave. D.)

Imagine their daughters' surprise and delight to find that the ladies shared the same room in a San Antonio hospital, were patients of the same surgeon, and are now well on the way to recovery from successful operations!

The patients had not previously met but it is safe to predict that they will be now seeing "eye to eye" on matters of mutual interest.

Through the courtesy of BILL BOYKIN, general manager of the TEXAS PRESS ASSOCIATION, I received a copy of TPA's 75th (Diamond) anniversary edition of its history, published in 1954. This made interesting reading as I compared the changes made in the quarter-century since the Golden Jubilee edition (1929) which C. B. GASTON had shared with me.

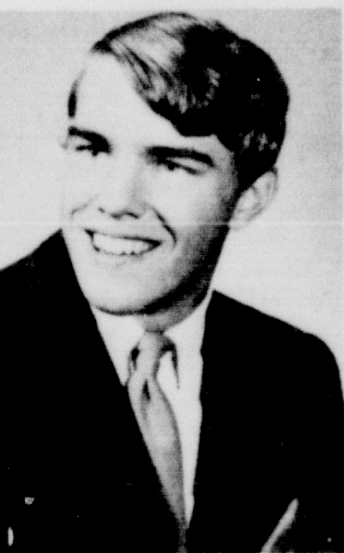

With only eight more years to go before time rolls around for a Centennial edition (1979), I hope that the president-incumbent of that year can echo the opinion of a predecessor, ARTHUR H. KOWERT of the FREDERICKSBURG STANDARD who served TPA in 1953-54: "Those who went before built well".

A current bumper sticker asks: "Why do we spend a half hour drinking instant coffee?" The answer to that might be of interest to many employers! Next question?

James Tomey awarded Bronze Star

James L. Tomey of Hondo has recently received the Bronze Star for service in Vietnam from June 1970 to June 1971.

Tomey, who now lives in Hondo and attends Our Lady of the Lake in San Antonio, served that year in Vietnam as the final part of eight years in the U.S. Air Force. He received his discharge in June of this year after returning from Southeast Asia.

The native of Fort Wayne, Indiana entered the service in 1968 and was assigned to Security Services. In 1964 he was married to the former Anna Vance of Hondo and the two are making their home in Hondo while he is attending college majoring in business administration.

The citation which accompanied the Bronze Star Medal stated: "Staff Sergeant James L. Tomey distinguished himself by meritorious service as

Noncommissioned Officer in Charge of Analysis and Reporting Training, Detachment 2, 6994th Security Squadron, while engaged in ground operations against an opposing armed force at Da Nang Airfield, Republic of Vietnam from 23 June 1970 to 10 June 1971. During this period, Sergeant Tomey displayed outstanding managerial and technical abilities in the accomplishment of his

duties. His ability to accept responsibility and his knowledge of all phases of management are indicative of the professionalism of Sergeant Tomey. The exemplary leadership, personal endeavor, and devotion to duty displayed by Sergeant Tomey in this responsible position reflects great credit upon himself and the United States Air Force."

Owls stage rally to win

As far as Hondo was concerned in Schertz Friday night the first three quarters of mudding could have been eliminated. For they scored their two tallies in the final stanza to whip Samuel Clemens 14-8.

However, they did have to come back in the second half since the Buffaloes tallied a touchdown in the second quarter and enjoyed an 8-0 halftime lead.

The first quarter proved to be a sloshing contest in the

sea of mud between the 30-yard lines. Neither team could work up a scoring threat, but they did show that they would fumble a lot. In fact the game was marred with 26 fumbles with eight turnovers.

About midway of the second frame, Samuel Clemens recovered an Owl bobble on the Hondo 30 and went on to score from there. The TD came on a pass from David Bacerra to HB Tommy Howard from the five-yard line.

John Thnuel ran over for the two points.

Third quarter activities resembled the first stanza, just up and down the field.

But early in the fourth quarter, Hondo took possession on the Buffalo 25 following a missed punt. A few plays later QB Tom Hill fired a paydirt scoring pass to Eric Grant. The try for point failed.

On Hondo's kickoff following that touchdown, Samuel Clemens fumbled and the Owls recovered on the 18. Tom Hill scored from the five a few plays later. He then passed to Terry Mechler for the two-point conversion.

The statistics chart showed:

First Downs--Hondo 9, Buffaloes 5; Rushing Yardage--Hondo 75, Buffaloes 91; Passing Yardage--Hondo 30, Buffaloes 5; Return Yardage--Hondo 18, Buffaloes 0; Passes--Hondo 2-5-0, Buffaloes 1-4-1; Punts--Hondo 36, 5, Buffaloes 19, 6; Fumbles Lost--Hondo 3; Buffaloes 5; Yards Penalized--Hondo 15, Buffaloes 25.

D'Hanis Cowboys slip by Bandera Bulldogs 13-12

After a slow start, the D'Hanis Cowboys before a home-town crowd, put it all together to defeat the Bandera Bulldogs 13-12.

Bandera started the scoring in the first quarter with HB Donnie Morris taking it in from seven yards out, thus capping a 45-yard drive. The try for the PAT was unsuccessful.

Following a second quarter Bulldog punt, the Cowboys proceeded on a 60-yard march to the goal. Half-backs Steve Jasso and Spencer Burrell made short yardage up the middle with QB Bobby Joe Rothe exploding for a 10-yard gain. Rothe scored on a one-yard plunge. The try for the extra point failed leaving it a 6-6 tie.

With two minutes left before the half, Bandera drove 80 yards for a TD. HB Morris and QB Billy Jennings each broke for long gains. Seconds remaining on the clock, Morris took the ball the final three yards. The try for two points failed, leaving the halftime score 12-6 in favor of Bandera.

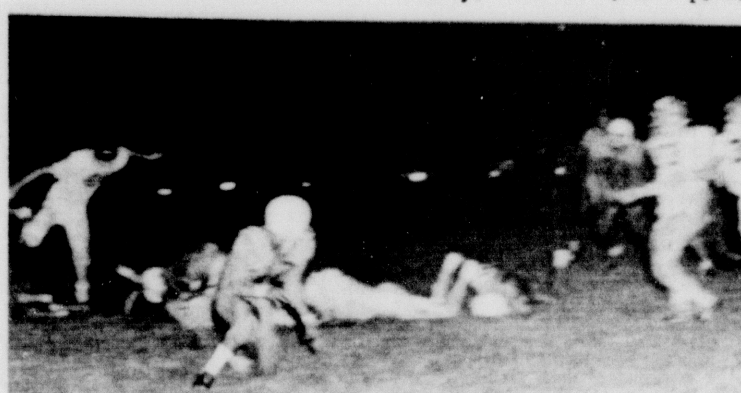

Midway through the third period, Bobby Joe Rothe intercepted a Bandera aerial

setting the stage for the Cowboys' second score. Starting from the Bulldog 40, B. Rothe and S. Jasso followed good blocking on the sweeps to carry the Cowboys to the five-yard line. Spencer Burrell powered his way across the goal for six points. David Santos converted to put the Cowboys ahead 13-12. The D'Hanis defense, led

by Ray Gallegos, David Nester, David Santos and Ralph Sarabia, stiffened in the second half and held Bandera to only four first downs.

HB Jasso intercepted a Bulldog pass to put the game on ice for the Cowboys.

With a 1-1-1 season record, the Cowboys will travel to meet the LaVernia Bears, Friday, October 1, at 8 p.m.

EVERYBODY'S AFTER HIM!
... Cowboys edge Bandera

Michigan takes over number one

Only one of the Top Twenty really stumbled hard last week ... in a couple of other games where members of the select group met head to head, there had to be a couple of losers. And we were fortunate ... we called them both. The Colorado sky-rockets went blazing back to Boulder and Auburn is on that Southeast Conference title track.

So ... our list of the twenty best reads a little different than it did seven days ago. Michigan has taken over as our new Number One team after humiliating UCLA last Saturday. Texas moved into

the #2 slot just a fraction ahead of Nebraska while Notre Dame dropped from first to fourth after almost stubbing its collective toes over upset-minded Purdue.

In a real toughie for a member of what we call our "almost" group (our third ten), un-ranked and undefeated Duke runs into Stanford, rated 8th. The Indians have whopped three opponents very decisively, and they may not find things quite so easy against the Blue Devils. However, Stanford is still the favorite by 14 points.

The longest winning streak among the nation's major colleges goes on the line Saturday as Toledo, unbeaten in 26 straight games, takes on Ohio University in a Mid-American Conference scrap. Villanova came within three points two weeks ago, and Ohio U. is no soft touch. Toledo will win Number 27 by 11 points.

Another member of our "almost-in" group is involved in a rivalry that goes back 60 years. The Tar Heels of North Carolina tangle with the North Carolina State Wolfpack. North Carolina has won 40 of those games, and the crystal ball says it will be another Tar Heel victory, this one by 31 points.

Florida State, undefeated and un-ranked (but close), squares off against Virginia Tech. The Seminoles gained considerable stature with their convincing win over Kansas last Saturday, and are favored to whip VPI by 18 points.

And our new #1 team, Michigan, will be a partner to the biggest mis-match on the schedule this week. The Wolverines are favored over hapless Navy by 56 points.

Elite meets elite again this week as Alabama, ranked 6th, trades niceties with Mississippi, and 9th-rated Oklahoma plays Southern California, ranked 16th. Favorites: the Crimson Tide by 12 points over the Rebels, and the Sooners by just five points over the Trojans.

Soil tests provide needed guidelines

The results of soil tests are the best guides to use in guarding against applying inadequate amounts of fertilizer on small grains, says County Agent Glenn Bragg.

Adequate nitrogen is usually applied in the fall or as a top-dressing in the spring, but small grain producers should remember that other nutrients are also essential.

Small grain is very responsive to phosphate, the nutrient that stimulates rapid, early growth and aids in grain development and higher

Royal Jupiter 12

Smartly Styled...Solidly
Built...and lots
of electric
features too!

The Royal Jupiter 12 is a lot of typewriter at an easy-to-afford price... a full-size home electric with many of the features usually found in office electrics.

The Jupiter 12 has Magic® Margins, an 88-Character Keyboard, and Touch and Impression Control Selectors. It has three electric repeat controls and three electric repeat keys. A light that tells the typist which ribbon color is being used and a light that tells when the machine is on or off. This total electric portable even includes Versatype™ interchangeable type and its own carry case. Plus, best of all, it has an electric carriage return... and a tough, performance-proved motor.

The Royal Jupiter 12 is everyone's typewriter that works just as smoothly whether the typist hunts-and-pecks or whether fingers fly at touch-type speed.

It's all the typewriter anyone could want, at a lot less than they expect to pay.

Anvil Office Equipment has been selling Royal portables in Hondo, Texas, for twenty years. It is a division of the Hondo Anvil Herald, a weekly newspaper established in 1886. We have sold hundreds of Royals over a 10-county area in South Texas.

We have decided to slash prices and sell this particular shipment of new Royal Jupiter 12 portable typewriters by mail, in factory sealed cartons, to anyone in Texas or the U.S.A.

Absolute satisfaction is guaranteed. Five-year factory guarantee included. Use your new Jupiter 12 for a week. If you are not pleased with it, ship it back to us. We will refund all that you have paid to us.

If you have been wanting a truly fine, American made, 12-inch carriage, heavy duty electric portable typewriter, here's your opportunity. Fill in the coupon and mail it today. (If you have a BankAmericard, your financing can be automatic.)
